Regarding the Anderson article, I should particularly comment on the statement column that Letelier carried the sensitive paper briefcase in order to prevent their theft by CLA	Attached in order to ensure a bright holiday for you, are some new SSCI requests. (1) Rick Inderfurth asked for an Agency report on the 20 December 1976 Jack Anderson column and the article entitled, "Mr. Death" in the January 1977 Playboy magazine. Regarding the Anderson article, I think we should particularly comment on the statement in the first column that Letelier carried the sensitive papers in his briefcase in order to prevent their theft by CIA.
